

DR. VISHAL BALASAHEB GUNJAL

MBBS, MD, FPCI, FISSP, FIAPM

Pain Physician

Mob : 9689756150

Dear Friends,

Greetings from Nashik Pain Care Centre.

I, Dr. Vishal Balasaheb Gunjal, Founder Director of Nashik Pain Care Centre herewith take an opportunity to Thank you all for support & courage given to me through out my journey.

I am happy to share with you, we have added advanced technology, knowledge of Interventions to our armamentarium & marching to our aim of Pain free society!

Friends, daily I receive lots of queries about Pain management, techniques, Interventions & its implications to our day to day practice. I am here taking an effort, to reach the new science & future of medicine at to your doorstep. Kindly go through it & help the needy patients. If any query feel free to talk with me.

Thank you !!!!

Address : Nashik Pain Care Centre, 3rd Floor, Laxmi Enclave,
Old Pandit Colony, Opp. to KTHM College,
Gangapur Road, Nashik – 422002

Appointment : 9403015887 and 7798420380

Web : www.nashikpaincarecentre.com

What Is Pain ???

Pain is an unpleasant sensory & emotional experience associated with actual or potential tissue damage or described in terms of such damage.' (WHO)

What pain affects ???

- Quality of life
- Functional capacity
- Loss of work
- Economical loss
- Emotional disturbances
- Family disturbances

What Is Interventional Pain Management ???

It is a discipline of medicine devoted to the Diagnosis and Treatment of chronic pain related disorders. The goals are to relieve, reduce or manage pain & improve patients overall quality of Life.

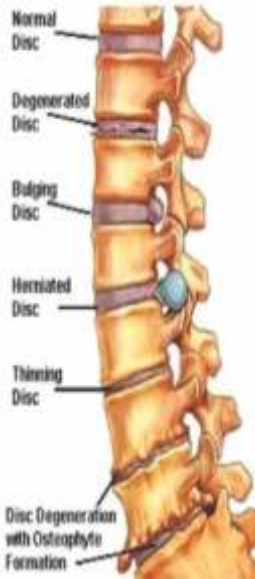

What are Advantages of Interventional Pain Management ???

- Non Surgical
- No Cutting
- No Sutures
- No Blood loss
- No General Anaesthesia
- Cheaper
- Day care – No admission
- You can go back to work on the same day
- Safe – Done under live x-ray control
- Minimum complications
- Suitable for high risk patients also.

SPINE RELATED PAINS

CONDITIONS

TREATMENT OPTIONS OR INTERVENTIONS

- Neck Pain
- Back Pain
- Cervical Radicular Pain
- Lumbar Radicular Pain
- Paraspinal Pain
- Muscular Stiffness
- Post Laminectomy Pain
- Disc Prolapse
- Old age patient Not fit for Surgery
- Patient not affordable or not willing for surgery
- Facetal Arthritis
- Facetal Cyst
- Sacroillitis
- Coccygodynia
- Vertebral Compression Fracture
- Transforaminal Nerve root Injection
- Cervical Epidural Injection
- Intra articular Facet Joint Injection
- Median Branch Block / Radiofrequency Ablation
- Sacroiliac Joint Injection
- Caudal Epidural Injection
- Percutaneous Epidural Adhesiolysis (Racz / Saline)
- Percutaneous Diagnostic Discography
- Percutaneous Chemo Nucleolysis
- Atlanto – Occipital Injection
- Atlanto – Axial Injection
- Ganglion Impar Injection / Radiofrequency
- Vertebroplasty (Bone Cement Injection)

HEADACHE

CONDITIONS

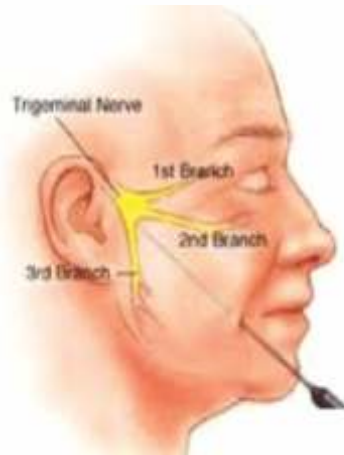

- Migraine
- Tension
- Cluster
- Cervicogenic
- Occipital

TREATMENT OPTIONS OR INTERVENTIONS

- Sphenopalatine Ganglion Injection / Radiofrequency
- Greater & lesser Occipital Nerve Injection / Radiofrequency
- Small Nerve Block Like Supraorbital, Supratrochlear, Infraorbital, Mental etc.
- Botox Injection
- Trigger Point Injection

TRIGEMINAL NEURALGIA

TREATMENT OPTIONS OR INTERVENTIONS

- Radiofrequency Ablation of Gasserian Ganglion

GLOSSOPHARYNGEAL NEURALGIA

TREATMENT OPTIONS OR INTERVENTIONS

- Glossopharyngeal Nerve Injection OR Radiofrequency Ablation

TEMPOROMANDIBULAR JOINT PAIN

TREATMENT OPTIONS OR INTERVENTIONS

- Platelet Rich Plasma Therapy (PRP)
- Prolotherapy

FACIAL PAIN (TYPICAL/ATYPICAL)

TREATMENT OPTIONS OR INTERVENTIONS

- Sphenopalatine Ganglion Injection/ Radiofrequency
- Isolated Nerve Blocks – Maxillary, Mandibular, Supraorbital, Infraorbital, Mental etc.
- Botox Injection
- Stellate ganglion Injection
- Gasserian ganglion Radiofrequency ablation

INFERIOR ALVEOLAR NEURALGIA

(POST DENTAL PROCEDURE PAIN)

TREATMENT OPTIONS OR INTERVENTIONS

- Inferior Alveolar Nerve Block/ Radiofrequency Ablation

SHOULDER PAIN

TREATMENT OPTIONS OR INTERVENTIONS

- Platelet Rich Plasm Therapy (PRP)
- Suprascapular Nerve Pulsed Radiofrequency followed by Physiotherapy

TENNIS ELBOW / GOLFERS ELBOW

TREATMENT OPTIONS OR INTERVENTIONS

- Platelet Rich Plasma Therapy (PRP)
- Prolotherapy

DE QUERVAIN'S TENOSYNOVITIS

TREATMENT OPTIONS OR INTERVENTIONS

- Local Steroid Injection – USG Guided

CARPEL TUNNEL / TARSAL TUNNEL SYNDROME

TREATMENT OPTIONS OR INTERVENTIONS

- Local Steroid Injection – USG Guided

COMPLEX REGIONAL PAIN SYNDROME (CRPS I & II) REFLEX SYMPATHETIC DYSTROPHY (RSD) SHOULDER HAND SYNDROME

TREATMENT OPTIONS OR INTERVENTIONS

- Sympathetic Neurolysis like Stellate Ganglion block, Lumbar Sympathetic block etc.
- Spinal Cord Stimulator
- Lignocaine / Ketamine Infusion

VASCULAR/ ISCHEMIC PAINS LIKE RAYNAUD'S DISEASE & BURGERS DISEASE

TREATMENT OPTIONS OR INTERVENTIONS

- Sympathetic Neurolysis like Stellate Ganglion block, Lumbar Sympathetic block etc.
- Spinal Cord Stimulator

INTERCOSTAL NEURALGIA / RIB FRACTURE / FLAIL CHEST / POST STERNOTOMY PAIN

TREATMENT OPTIONS OR INTERVENTIONS

- Intercostal Nerve Block / Neurolysis
- Paravertebral catheterization / Neurolysis

PANCREATITIS PAIN

TREATMENT OPTIONS OR INTERVENTIONS

- Coeliac Ganglion Block / Neurolysis
- Splanchnic Plexus block/ Neurolysis

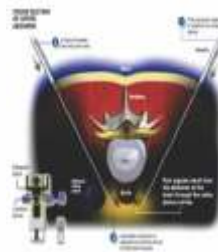

ILLIO INGUINAL & ILLIOHYPOGASTRIC NEURALGIA POST SURGICAL PAINS (HERNIA & OTHER LOWER ABDOMINAL SURGERIES)

TREATMENT OPTIONS OR INTERVENTIONS

- Iliioinguinal & Iliiohypogastric Nerve Block/ Neurolysis / Radiofrequency – USG GUIDED

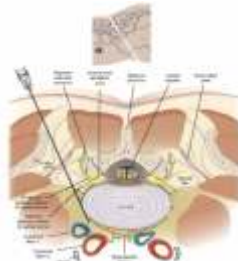

ATYPICAL / UNDIAGNOSED ABDOMINAL PAIN

TREATMENT OPTIONS OR INTERVENTIONS

- Coeliac Ganglion Block / Neurolysis
- Sympathetic Block / Neurolysis

ATYPICAL / UNDIAGNOSED PELVIC PAIN

TREATMENT OPTIONS OR INTERVENTIONS

- Superior Hypogastric Plexus block/ Neurolysis
- Iliioinguinal & iliohypogastric plexus block

ENDOMETRIOSIS OR UNDIAGNOSED UTERINE PAIN

TREATMENT OPTIONS OR INTERVENTIONS

- Superior Hypogastric Plexus block/ Neurolysis
- Sympathetic block/ Neurolysis

INTERSTITIAL CYSTITIS & UNDIAGNOSED UROGENITAL PAINS

TREATMENT OPTIONS OR INTERVENTIONS

- Superior Hypogastric Plexus block/ Neurolysis
- Sympathetic block/ Neurolysis

UNDIAGNOSED PERIANAL PAIN OR COCCYX PAIN

TREATMENT OPTIONS OR INTERVENTIONS

- Ganglion Impar block / Neurolysis /
Radifrequency Ablation

MERALGIA PARASTHETICA

TREATMENT OPTIONS OR INTERVENTIONS

- USG Guided Block/ Neurolysis/ Radiofrequency Ablation

KNEE PAIN

TREATMENT OPTIONS OR INTERVENTIONS

- Platelet Rich Plasm (PRP)
- Intraarticular Hyaluronic Acid Injection
- Prolotherapy
- Genicular Nerve Radiofrequency Ablation

ANKLE PAIN / PLANTAR FASCITIS

TREATMENT OPTIONS OR INTERVENTIONS

- Platelet Rich Plasma Therapy (PRP)

PERIPHERAL NEUROPATHY / DIABETIC NEUROPATHY

TREATMENT OPTIONS OR INTERVENTIONS

- Sympathetic Neurolysis like Stellate Ganglion block, Lumbar Sympathetic block etc.
- Spinal Cord Stimulator

OSTEOPOROSIS

TREATMENT OPTIONS OR INTERVENTIONS

- Teriperatide Injections
- Bisphosphonate Injections (Zolendronic Acid)

MUSCULAR PAINS / FIBROMYALGIA CHRONIC TRAPEZITIS/ CHRONIC BACKACHE

TREATMENT OPTIONS OR INTERVENTIONS

- Trigger point Injections
- Botox Injection
- Intramuscular Stimulation
- Prolotherapy

CANCER PAIN

TREATMENT OPTIONS OR INTERVENTIONS

- Stellate Ganglion block for Head and Neck cancer pain
- Neurolytic Coeliac plexus block for Cancer of pancreas or other abdominal Viscera (Stomach, Liver, Gall Bladder etc.)
- Lumbar sympathetic chain block for Nociceptive or Neuropathic cancer pain affecting the lower extremity

- Neurolytic Superior Hypogastric plexus block for Cancer of Pelvic Viscera
- Hyperbaric phenol saddle block for midline perineal pain in patients with Rectal and Pelvic malignancies

- Intrapleural phenol block for visceral pain associated with esophageal cancer
- Ganglion Impar block for visceral pain of the perineum

- Multiple peripheral nerve blocks (Neurolytic/ Radiofrequency Ablation)
- Intraspinal Analgesia with epidural & intrathecal injections / Infusions/ Implantable pumps of local anaesthetics, opioids etc.

- Advanced Radiofrequency ablation procedures for benign and cancer pain.

POST HERPETIC NEURALGIA

TREATMENT OPTIONS OR INTERVENTIONS

- Isolated Nerve Block
- Sympathetic Neurolysis like Stellate Ganglion block, Lumbar Sympathetic block etc.
- Pulsed radiofrequency of Dorsal root ganglion
- Spinal Cord Stimulator
- Lignocaine / Ketamine Infusion

CHRONIC PAINS NON RESPONDING TO CONSERVATIVE TREATMENT OR INTERVENTION OR SURGERY

TREATMENT OPTIONS OR INTERVENTIONS

- Opioid Analgesics for long term – Oral / patches
- Lignocaine Infusion • Ketamine Infusion
- Intrathecal pump • Spinal cord Stimulator

Thought of Pain ?

HIGHLIGHTS

- Most of the procedures are on Day care basis.
- Most of them are done under Local Anesthesia only.
- Interventions are either Fluoroscopy, CT or USG guided; so are very targeted & specific.
- Interventions are generally safe & suitable for old age, high risk patients also.
- Interventions are cheaper.
- Interventions are repeatable.
- Most of the interventional pain procedures are covered under Mediclaim.
- Nashik pain care centre is well equipped with advanced equipment like Radiofrequency, C arm, OT equipment, Platelet Rich plasma, Ozone, Physiotherapy equipment etc.
- Dr. Vishal Gunjal is available as a freelancer for IPD visits & other interventional pain Management procedures.

PHYSIOTHERAPY

- Matrix Therapy
- TENS
- Ultrasound
- IFT
- SWD
- Stimulator
- Wax Bath
- Therapeutic Ball
- Shoulder Wheel / Pulley
- Continuous Passive Motion (CPM) Machine

DR. VISHAL BALASAHEB GUNJAL

MBBS, MD, FPCI, FISSP, FIAPM

Pain Physician

Mob : 9689756150

- MBBS : Grant Medical College & JJ Hospital Mumbai
- MD : Government Medical College, Miraj
- FPCI : Fellowship Pain Clinic of India, Mumbai
- FISSP : Fellowship Indian Society for the Study of Pain
- FIAPM : Fellowship Indian Academy of Pain Medicine
- Founder Director Nashik Pain care Centre
- Faculty at Various National & State conferences of Pain Management
- Conducted Various Workshops & Training Programs in Various National & State Conferences
- Published multiple articles about pain conditions and management in various Newspapers & Magazines.
- Interview about pain awareness on Radio & TV Channels.
- Conducted multiple CME about Spine Pain, Cancer Pain & Interventional Pain Management in & around Nashik District.
- Actively involved in Research in pain Management.
- Visiting Pain Management specialist in many hospitals in & around Nashik District.
